

LL Plastic Ltd

Sustainable Procurement Policy

LL Plastic Ltd is committed to conducting procurement activities in a responsible and sustainable manner. As a supplier of 100% recycled plastic building and landscaping materials across the UK, sustainability is central to our operations and supply chain decisions.

Policy Statement

We aim to ensure that all goods and services procured by LL Plastic Ltd are sourced ethically, environmentally responsibly, and in a way that supports long-term economic and social value.

Our Commitments

- Prioritising suppliers who demonstrate strong environmental practices and compliance with relevant legislation.
- Supporting the use of recycled and recyclable materials wherever possible.
- Reducing carbon emissions within our supply chain, including transport and logistics.
- Encouraging responsible waste management and resource efficiency.
- Working with suppliers who uphold fair labour practices and safe working conditions.
- Promoting local and UK-based sourcing where commercially viable to reduce transport impacts.

Supplier Expectations

- Compliance with environmental, health & safety, and employment legislation.
- Demonstration of ethical business conduct and transparency.
- Commitment to reducing environmental impact and improving sustainability performance.
- Willingness to collaborate on innovation and continuous improvement.

Implementation & Review

This policy applies to all procurement activities within LL Plastic Ltd. Management is responsible for ensuring the policy is implemented effectively and reviewed annually to reflect regulatory changes, market developments, and company growth.
